

Sick Headache

"I have been a frequent sufferer from sick headache for years, yet never would use headache tablets. My son persuaded me to use Dr. Miles' Anti-Pain Pills during one of these attacks, and to my surprise it gave me speedy relief."

MRS. LOUISE LEWELLYN, Lowell, S. D.
When the disturbance which causes headache affects the nerves at the base of the brain, which connect with the large nerves that run to the stomach, heart and lungs, it frequently causes headache with vomiting—sick headache.

Dr. Miles' Anti-Pain Pills soothe the irritated brain nerves and the cause of pain is removed. The first package will benefit; if not, your druggist will return your money.

LUNENBURG.

The Woman's Club Enjoyed Their Annual Washington Tea.

The annual Washington Tea of the Woman's Club of Lunenburg was held with Misses Thomas and Balch. The commodious rooms of Elmcroft were tastefully decorated with the national colors and cherry designs. As usual the elderly ladies of the town were invited, the most of whom were able to be present. A few of these guests had not met since Feb. 22d of one year ago. Some who were present at that time and refreshed the company with "the old songs" have since joined the majority. After the happy exchange of greetings, a very interesting program, consisting of current quotations of the Washington period, choice readings, vocal and instrumental solos, was given. A social hour interspersed with music followed. The hostess announced the tea, and each guest, escorted by a club woman, repaired to the attractive dining room where a generous repast was served by the hostesses who know how to do things. The ladies separated for their homes feeling that a royal good time had been enjoyed. The club under the direction of its interested president, Mrs. Thomas, is having a successful year. One feature of the work has been the lecture course, which was well patronized by the people of the town and from which much pleasure and profit were derived. Under the wise management of the entertainment committee a goodly sum was left in the treasury.
